This document sets forth the terms of an agreement by which Bernstein Litowitz Berger & Grossmann LLP (the “Firm” or “BLB&G”) will act as portfolio monitoring counsel to The Palm Tran, Inc./ATU Local 1577 Pension Fund (the “Fund”). The agreement shall be subject to termination upon thirty days prior written notice by either party.

BLB&G will advise and assist the Fund with the consideration of potential claims under U.S. federal and/or state laws and corporate governance matters relating to the Fund’s investment holdings. The Firm will monitor the Fund’s portfolio and investigate situations in which the Fund incurs a significant loss that may give rise to meritorious legal claims. BLB&G will perform this monitoring service through the utilization of its secure web-based monitoring platform, PortfolioWatch. For investigations that identify meritorious claims, the Firm will provide the Fund with a detailed analysis setting forth the nature of the claim(s), applicable facts, assessment of merits, potential for recovery, and other relevant matters. In addition, the Fund monitors potential fraud or other misconduct effecting securities that trade on foreign exchanges and will analyze and advise the Fund about potential claims arising from such misconduct. We will also provide the Fund with a quarterly report of all monitoring activity provided by the Firm during the previous quarter.

The Fund will have no obligation to the Firm to take any action with respect to any potential claims that BLB&G may bring to the Fund’s attention or to act as Lead Plaintiff in any action. In the event that the Fund determines to take legal action, it agrees that it will consider retaining BLB&G to represent it as its counsel with respect to such action, but the Fund is not obligated to retain BLB&G.

The Fund will provide BLB&G electronic access to its portfolio information for purposes of the monitoring services discussed above. The information provided to the Firm shall not be disclosed to any person or entity beyond the Firm’s members, employees and agents, and shall be maintained in a secure password-protected database subject to industry standard data security measures. Such information/data will be utilized by BLB&G solely in connection with providing the services to the Fund as set forth in this agreement.
BLB&G will not charge the Fund for the services or expenses BLB&G incurs in reviewing and analyzing potential claims and in providing quarterly reports as described above. BLB&G agrees that in the event that the Fund determines to utilize the Firm to take formal legal action on the Fund’s behalf, such representation will be pursuant to a separate contingency fee and retainer agreement.

For purposes of this monitoring engagement, communications with the Fund will be handled primarily by Hannah Ross (Partner), Jerry Silk (Partner), Adam Weinschel (Director of Institutional Investor Services), and Amanda Rekemeier (Director of Client Relations). Should the Fund determine to pursue litigation, BLB&G will, subject to the Fund’s approval, staff such action with a partner(s) and associate(s) tailored to meet the particular needs of the litigation.
